University of Newcastle – Jobs of the Future – Engineering

9 June. 5.30pm

This webinar will offer insights into the changing world of work and the skills you'll need to thrive in it. You'll hear from speakers including Pro Vice-Chancellor of the Faculty of Engineering and Built Environment, Professor Brett Ninness.

It's an event for students, parents, and teachers, who want to know more about the jobs of the future and the role of engineers in tackling the world's biggest problems.

<https://www.newcastle.edu.au/events/future-students/jobs-of-the-future-engineering>

University of Newcastle – Jobs of the Future – Computing and IT

11 June. 5.30pm

This webinar will offer insights into the changing world of work and the skills you'll need to thrive in it. You'll hear from speakers including Dr Alex Mendes, Senior Lecturer in Computer Science and Software Engineering.

It's an event for students, parents, and teachers, who want to know more about the jobs of the future and the role of computer scientists and IT professionals in tackling the world's biggest problems.

<https://www.newcastle.edu.au/events/future-students/jobs-of-the-future-computing-and-it>

Macquarie University - Entry Navigator

Everyone comes to university on an ATAR. Right? No, not with [Macquarie Entry](#). ATAR is just one of the factors we use to determine your suitability for study. It's true that your ATAR rank can be a useful factor of your chances for success in a specific course. But it's equally true that there are other factors we can use to assess your suitability.

That's why we have 11 different admission pathways to Macquarie; ten of these assess your suitability on more than a selection ranking based on your raw ATAR or on your ATAR plus adjustment factors providing additional points.

<https://www.mq.edu.au/study/macquarie-entry-navigator>

ACU Community Achiever Program Early Entry Updates

Applications for the 2021 CAP places will close:

Brisbane – 29 July

Blacktown – 5 August

Melbourne – 12 August

Canberra – 26 August

Ballarat – 2 September

North Sydney – 9 September

Strathfield – 16 September

[Find more information](#) on how your CAP application will be processed.

The Community Achiever Program (CAP) offers future students who are active in their community early offers to their undergraduate course of choice. From regularly volunteering in their community, to representing their school or house in a leadership role, we urge all eligible students to apply. The CAP provides opportunities to enhance leadership and volunteering skills. If you're successful you could receive an offer to study with us as early as August. https://www.acu.edu.au/study-at-acu/admission-pathways/i-volunteer-regularly?cldee=Z2FyeS5ncmFudEBqb2JqdW1wLmNvbS5hdQ%3d%3d&recipientid=contact-5003b227bd3fe5118108c4346bac3e68-a3bbf19fd57d480ba3d84bda3d47c632&utm_source=ClickDimensions&utm_medium=email&utm_campaign=2020%20FS%20NSW%20FACT%20%7C%20Covid-19%20CA%20Communications&esid=fbb532dd-0e89-ea11-a811-000d3a085914

ACU Talk with Business and IT Professionals

2 June. 5pm

Have you ever wondered where a business or IT degree can take you? Join us online to hear from ACU alumni about what it is like to work in business and information technology roles. Take part in a Q&A session with our graduates to get a real idea of the diverse careers a business or IT degree can lead to.

<https://www.acu.edu.au/about-acu/events/2020/june/talk-with-business-professionals-online>

UTS – Discover the scholarships available for women in engineering or IT at UTS

17 June. 4pm

UTS offers a number of generous scholarships for highly motivated female students with a passion and interest to pursue a career in Engineering or IT.

[Register for this webinar](#) to learn more about the scholarships that are available for women in engineering or IT and how to prepare an awesome application.

Hear from key academics and scholars about how to apply and what it's like to undertake a scholarship at UTS.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/scholarships-women-engineering-or-it>

UTS – IT Scholarships

18 June. 4pm

If you are highly motivated with a passion and interest to pursue a career in IT, then this is the place for you! This session will focus on the flagship Bachelor of Information Technology scholarship, however, it will touch on all of the IT scholarships that are available at UTS.

[Register for this webinar](#) to gain an insight into the course structure, the application process and how to prepare an amazing application.

Hear from key academics and scholars about available scholarships and what it's like to undertake a scholarship at UTS.

<https://www.une.edu.au/about-une/faculty-of-science-agriculture-business-and-law/school-of-environmental-and-rural-science/ers-news-and-events/une-grass/industry-placement-scholarship>

Application form here:

<http://askune.custhelp.com/ci/documents/detail/5/709/12/c57ffea9a07a8cfc055faa2b887a5549abff8023>

Southern Cross University - Transition to Uni program

Southern Cross University's Transition to Uni program has its next intake starting 6 July. This program is a free, intensive preparatory course designed for ATAR-eligible students. With classes scheduled after school hours, students are able to finish Year 12 while also upskilling an opportunity to secure a place at University in 2021. Visit:

www.scu.edu.au/transition-to-uni

Southern Cross University - Online Course Information Sessions

From 1-5 June

Southern Cross University's academics, expert advisers and current students will be speaking about course information, career outcomes and life at SCU, there will also be a live Q&A. To register, visit:

www.scu.edu.au/study

UCAT Summary and Preparation

<https://www.ucat.edu.au/ucat-anz/>

UCAT Practice Tests and Resources

We advise you to prepare for the UCAT using the free official practice materials which have been developed by the UCAT Consortium. We believe that all everyone should have access to free preparation materials to support their test preparation. The resources and advice below have been produced by ourselves using feedback from previous high-scoring candidates.

<https://www.ucat.edu.au/ucat-anz/practice-tests/>

UCAT Test Day

You must arrive **at least** 30 minutes before your appointment time to complete the check-in process.

If you arrive more than 15 minutes *after* your appointment time you will not be allowed to take the test and will have to book and pay for a new test appointment on another day, (subject to availability of test appointments). This applies in cases of family emergency, accident, transport problems and security alert as well as forgetfulness and lateness.

<https://www.ucat.edu.au/ucat-anz/test-day/>

UCAT Test Format

The UCAT is a two-hour computer-based test which assesses a range of abilities identified by universities as important to practicing in the fields of medicine / dentistry / clinical sciences. The test consists of five separately timed subtests which each contain a number of questions in a multiple-choice format. Once started the test cannot be paused for a break but before each subtest there is a timed instruction section.

Candidates either sit the standard test or apply for an extended version of the test if they are entitled to extra time due to a documented medical condition or disability.

<https://www.ucat.edu.au/ucat-anz/test-format/>

Study Medicine Deadline Dates for Undergraduates

Summary information about significant medicine application deadlines for June 2020 is given for 59 university degrees leading to medicine in Australia. You can find Study Medicine on Twitter, Facebook or email:

admin@studymedicine.com.au

<https://www.studymedicine.com.au/deadline-info>

UTS Insearch Virtual Info Night

Tuesday 9 June

Join our virtual event and discover why we're the preferred pathway to UTS

The event is about discovering what UTS Insearch is all about. Hosted by our staff and students, you'll learn about the types of courses we offer and how we can fast-track your studies into the second year of your chosen UTS degree. Register here:

<https://www.insearch.edu.au/about/events/uts-insearch-virtual-info-night-tuesday-9-june>

UOW - Careers 101: Get Career Smart

3 June. 4pm

This webinar will explore the steps that are essential to help choose a degree that leads to satisfying and meaningful career for you as an individual.

Our expert staff from UOW's Careers Service will explain the framework for good career planning, and demonstrate how you can access our CareerSmart Discovery Tool and other resources to better understand the study and work you're most suited to.

https://uow-au.zoom.us/webinar/register/WN_CAERPmMhSMKcfN6RW8Qp3w

University of Wollongong - Year 10 Subject Selection Webinar

22 June. 6pm

The Year 10 Subject Selection webinar is for students thinking about studying at university who would like to know more about our degrees and choosing subjects that provide a good foundation for each study area. Staff from the Universities Admissions Centre (UAC) will go through the ATAR, how it is calculated, and touch on scaling.

We will also cover:

- UOW Early Admission
- Opportunities for High Achievers
- Scholarships
- UOW campuses
- Student Accommodation
- Pathways to University
- Costs of University
- Student Life

GENERAL

What different Scientists Do at the Australian Museum

Join us behind-the-scenes at the AM, as our AMRI scientists provide a rare sneak peek into their working days in isolation. See how they are adapting and forging ahead in scientific discovery from the comfort of your home.
https://australianmuseum.net.au/inside-out/scientists-in-isolation/?utm_medium=email&utm_campaign=May%20Whats%20New&utm_content=May%20Whats%20New+CID_75deb5da4f4c1af85f89537bfc5484d&utm_source=Email%20marketing%20software&utm_term=WATCH%20NOW

New technologies taking over the modern tradie's toolbox

Tech that combines real world with computer generated images – like Microsoft's wearable HoloLens – are starting to be employed by **building designers, architects and painters** to allow clients to interact in a realistic way with a space before making concrete design-based decisions. They're serious game-changers at IKEA, where customers can place products true-to-size in a space by downloading their app. In construction jobs, the same tech is creeping in to test structural changes onsite before they're implemented.

https://careerswithstem.com.au/the-new-tech-taking-over-the-modern-tradies-toolbox/?utm_source=Refraction+Media&utm_campaign=0f12a21110-EMAIL_CAMPAIGN_2018_04_04_COPY_01&utm_medium=email&utm_term=0_20dc88b9ea-0f12a21110-148898187&mc_cid=0f12a21110&mc_eid=5a58dfdde9

Careers with Maths and Data STEM

The latest edition of Careers with STEM is all about careers that count. Discover how people who use maths and data are helping us through the COVID-19 pandemic, to understanding and predicting extreme weather and bushfires. Meet a real-life health data scientist, a YouTube trend expert, an extreme weather meteorologist, bushfire analyst - even a plumber who uses maths every day and reckons you should stick with it, even if you don't have your sights set on uni!

https://issuu.com/refractionmedia/docs/cwstem_maths_data_2020

Looking into the Future – 15 Jobs that don't exist yet

What will a job search look like in 2050? No-one knows – but one popular estimate suggests 65% of primary school-aged kids will end up in yet-to-be-created careers. We're guessing packed with next-gen STEM gigs in cutting-edge fields like Augmented Reality (AR), data analytics, and Artificial Intelligence (AI)-based service roles.

We looked into our digital crystal balls and came up with 15 jobs we think you might find advertised in 30+ years.

And yep, all of them require STEM skills!

https://careerswithstem.com.au/15-jobs-that-dont-exist-yet/?utm_source=Refraction+Media&utm_campaign=3bfeb581bb-EMAIL_CAMPAIGN_2018_04_04_COPY_01&utm_medium=email&utm_term=0_20dc88b9ea-3bfeb581bb-148898187&mc_cid=3bfeb581bb&mc_eid=5a58dfdde9

UNSW Bragg Prize - The Big Ideas Saving the Planet

Closes 28 August

What are the solutions that will help us to address global challenges such as catastrophic climate change, global pandemics, severe weather and sea level rise? From bushfire science using smart satellites and Indigenous knowhow, to vaccine development, citizen science apps tracking insect population decline, and science that literally creates water from air, in 800 words, describe some scientific research that has delivered a solution that you believe could change the future for our planet.

Your 800 words essay could consist of:

- Your own idea for a future solution to a global challenge.
- An investigation into science and technology solutions to current global challenges.
- An essay on an unsolved issue that is personally important to you.

<https://refractionmedia.submittable.com/submit>

Online Agricultural Careers Expo

Cyber Security Careers Webinar

3 June. 1.30pm

Join a team of three experts from the Australian Signals Directorate (ASD) for a free webinar about exciting and rewarding career pathways in cyber security. Students will hear about pathways, skills and tools, exciting projects and advice. The last part of the webinar will allow for a Q&A session from students. Register:

<https://dltv.vic.edu.au/event-3817792>

Careers in Financial Planning Webinar- Your Need-to-Know Guide

3 June. 4pm

Did you know only 14 of the 43 universities in Australia offer approved undergraduate degrees in financial planning? Attend this free FPA webinar and learn how to guide students in choosing accredited courses and identify student personality types who would make great financial planners. Register now:

<https://bit.ly/2zMNaAV>

Traineeships from Real Estate Institute of NSW

Whether you're starting out in real estate, wanting to improve your skills, looking for a career change, or an agency looking for trainee opportunities, a traineeship has something to offer you. Traineeships offered in Cert III in Property Services (Agency) and Cert IV in Property Services (Real Estate).

<http://reinsw.canopi.com.au/Training/traineeships>

Headspace Career Plan Guide

Our career plan is the roadmap for our career. We need to know the career or job goal we are aiming for, the step by step direction and timeframes we will follow to get there – study, employment, 5 year plan etc., and the tools we will use to reach our goal – special skills training, work experiences, qualifications etc.

<https://headspace.org.au/young-people/make-a-career-plan/>

Latitude Go global for your gap year

With over 20% of first year university students in Australia leaving their chosen course or dropping out all together, maybe it's a good idea to step off the academic treadmill and consider your goals before diving in. There are so many benefits to taking a gap year - our volunteers gain independence, confidence, career experience, and cultural awareness while abroad. Volunteering can really give you an edge before and after university by boosting your CV in the process.

Latitude is one of the **largest international volunteering organisations**, supporting around 1000 young people globally every year. As a **nonprofit organisation**, we ensure we remain cost effective and are transparent about all costs involved, while providing comprehensive support throughout the process. After 45 years of global experience, *we think we've got a pretty good thing going.*

With placements available in 13 countries, lasting between 2 weeks and 12 months and departing throughout the year, there is a volunteer program that will fit into any young Australian's gap year!

National Computer Science School – Plan Ahead

Applications opening soon !

Friday 2 January to Sunday 11 January 2021

Applications for NCSS 2021 will open in mid-2020.

If you have any questions, please contact summerschool@ncss.edu.au.

NCSS applications will be accepted from students who will complete Year 11 in 2019, and from exceptionally gifted Year 10 students. Selection of students will be based on academic performance, particularly in the subjects of mathematics and science, and demonstrated interest in computing. Personal qualities, such as community service, and social and teamwork skills will also be taken into consideration.

No prior knowledge of computing is assumed. Students who are not taking computing units of study at school are eligible to apply. Rest assured that students who enter the program as proficient programmers will also find plenty of material to extend their skills.

Australian Fossil and Mineral Museum

224 Howick Street, Bathurst

Where art and science meet. Baffle your senses with an evening of tactile and visual illusions. Watch static images move and twist before your very own eyes. Feel your body change size and shape. Immerse yourself in the bizarre sensory world of animals in which perception determines your fate.

<https://museumbathurst.com.au/australian-fossil-and-mineral-museum/>

National Marine Science Centre

Located on the edge of the spectacular Solitary Islands Marine Park in sub-tropical Coffs Harbour, the National Marine Science Centre is one of the world's best situated facilities for studying coastal and marine habitats and their inhabitants.

Scientists at the NMSC excel in research in key global issues such as food security and the impacts of humans at local, regional, national and international levels.

Expertise in disciplines including marine biodiversity and ecology, aquaculture, estuarine and coastal processes, and coastal management provide a diverse base for teaching and research projects on conservation and sustainability of marine environments that are affected by increasing urbanisation and climate change

Scholarships Australia Wide

There are currently more than 3000 scholarships available to Australian students, across both the higher education and vocational sectors. Scholarships can cover an array of costs from tuition fees to living and accommodation costs, our advice is to investigate your options early on as the amount of information to get through and applications to fill can be overwhelming.

FOR CAREERS ADVISERS

AATIS Launches Schools Guide to Australian Apprenticeships

The Australian Apprenticeships and Traineeships Information Service (AATIS) has launched The Schools Guide to Australian Apprenticeships which covers the key Apprenticeships information that is needed to support students, and explains how to use the free resources that are available on the AAPathways website. To view and download the guide, please visit :

<https://www.aapathways.com.au/schools-guide>

UTS Virtual School Visits

UTS is offering virtual school presentations with current students and the UTS Future Students team followed by a Q&A session. Please complete the virtual outreach presentation form to book UTS in:

<https://www.uts.edu.au/future-students/undergraduate/schools-outreach-programs/virtual-presentation-request-form>

Ensuring students VET courses meet HSC requirements

If you have concerns about Students and their VET Courses for the HSC · review the information provided on NESA's COVID-19 advice page · seek clarification through Framework syllabuses and Board-Endorsed course descriptions ·

make contact directly with the NESA VET Curriculum team (vet@nesa.nsw.edu.au) if you have individual student situations you would like to discuss.

Meet a Mathematician

Sign up for a virtual visit from a mathematics researcher! This is a great introduction to careers in mathematics, an opportunity to ask about life at University, and includes some fun hands-on activities and puzzles. Years 9-11, free, 60 min, online, available throughout the year.

UAC Steps to Uni for Year 10 Students Booklet

This booklet will be distributed free again this year, but due to the current situation we are only sending five copies to schools. If you need more, just [let us know](#) and we can send a limited number, also free of charge.

An **PDF version** of the Year 10 booklet is available on the website and an updated version of the UAC portal

UAC Community Engagement

With the cancellation of school visits and careers expos, UAC's Community Engagement team is working with schools to reschedule until later in the year or offer online alternatives. Many of you have already taken up the option of connecting with UAC through video conferencing. Contact CE directly if you'd like to connect with them.

The CE team have produced a series of short videos called **Let's Chat**. Over the next few months, they will be chatting to you about applying to uni through UAC, changing course preferences, and what to do if students have been disadvantaged during their final years of school. You can find these under **Resources** in the Schools area of our website.
