

LATER YEARS UPDATE

This fortnight Annette's class have been practicing their concert item. They have finished their comprehension activities on The Castle.

Geraldine's class have continued their research about young women making a difference with a focus on Emilia Telford. They have worked on Volume and continued working on division in Maths. Amy has put in a ripper effort during Basketball this week.

Brad's group have been working on Compound words and Suffix. They have been comparing short and long division. They have been exploring the effects of video games on the mind in health. Bailey has been a stand out with improved work ethic last week.

The students have been playing Tennis and Basketball and working on gross motor skills for sport. Students attending Tech classes have been continuing them online at school during regular Tech hours.
