

Art

Early Years - This week in art, Tegan/Paul's class used modelling clay to create sculptures, next art session they will paint their masterpieces. Well done!

Middle & Later Years - Students have begun making clay sculptures. Sculptures included many different things, such as a turtle, ladybird, giraffe, plate, cow, as well as bowls and penguins. The students had a wonderful time getting their hands dirty, with plenty of smiles and laughs. Once the clay has dried, students will paint their masterpieces.
