

Student Representative Council

The members of the SRC from all sections of our school collaborated with their fellow students to select a modestly priced item that could be purchased for the primary campus, middle years and later years areas of the school. These items were purchased from funds raised following our successful 'Crazy Hair & Blue Day' held late last term.

The primary campus chose a new 'easy to kick' football, middle years chose a new basketball and the later years thought a new sandwich maker would be useful in their area!

Later Years SRC representative Kurtis is shown holding the new sandwich maker with fellow students Amy and Lily.

Primary SRC representatives Braxton and Trai happily hold the football to be used for play break time for the primary campus students.

Middle Years SRC representative Joshua holds the basketball his fellow classmates chose to purchase.
