To be part of your child's day at school…

There are **2** different apps to connect to YPIS Seesaw.
Each app has a specific function.

For your child to upload their own photos and homework tasks, use the Seesaw **CLASS** app and **Home Learning Code** and instructions.

For parents and family members to view the learning journal posts made by your child's teacher, use the Seesaw **FAMILY** app and **Family Invite** and instructions.

CLASS

Seesaw

Home Learning Code

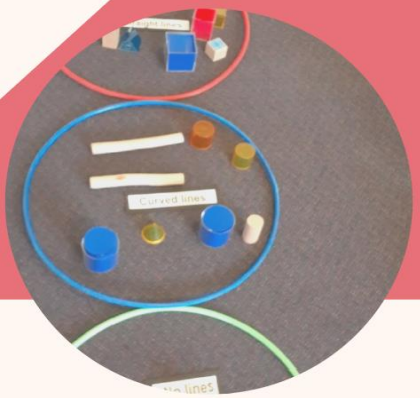
FAMILY

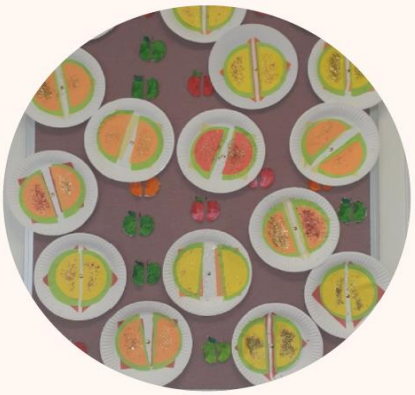
Seesaw

Family Invite

So, what did you do at school today?

Hmmm, nothing...





OH REALLY?
