Quality Teaching in a Caring Environment

SCHOOL WAR ON E-WASTE PROGRAM

Electronic waste is the fastest growing category of waste worldwide. Up to 25 kilograms of E-waste is generated per person in Australia every year and the number is rising. Kingswood Public School have decided to join forces with Sims Recycling Solutions and are running an E-waste recycling program at school.

The school community is welcome to drop-off any unwanted electronic waste into the blue E-waste recycling bin which will be located in the bottom playground near the school office. This will be a 2-week program starting from Monday 18th March. Accepted items are:

- Desktop PC's
- Laptops
- Mobile phones
- Tablets
- Monitors
- Keyboards
- Computer mice
- CD/DVD drives
- Computer accessories
- Cable & all IT accessories
- Computer speakers
- Desktop printers
- MP3 players
- Small flat panel TV's

Please note it is your responsibility to erase all data from your items. For more information visit <https://epsaewaste.com.au/>. Let's do the right thing and keep E-waste out of landfill.
