

2 – 15 July 2022

Who ate the Dinosaur?- Extinct Swamp Dwellers

- View an exhibition featuring museum quality casts of fossils of extinct animals known to inhabit wetlands millions of years ago. It will include insects, labyrinthodonts, amphibians, reptiles, birds and much more. Discover **Who ate the Dinosaur?** Open 10am and 12 noon daily.
- Meet collection owner and local expert Mike Dawson who will be on hand to answer questions and talk about the collection.
- Create your own fossil .
- Follow the footprints and track what has come out of the swamp.
- Visit the Animal House and Visitor Centre and meet some relatives of the fossils.
- Bring your phone and find dinosaurs brought to life before your very eyes.

Adults and children (4 year +) \$7.50
under 4 Free
