23rd October 2019

Dear Parents / Caregivers,

On **Tuesday 5th November**, we have our final visiting performance for the year called 3 Experiments that Changed the World for Preps to Year 6.

Jared Morgan combines his passion for science with his stage and comedy skills in this totally engaging, hands-on presentation. Alongside the laugh out loud and wow moments Jared recreates and explains experiments that are acknowledged as being defining moments in the study of chemistry, biology and physics.

The Biology experiment is loads of laughs as three students get transformed into giant birds and are set survival tasks and by doing so, demonstrate natural selection. If your food supply disappears and your beak is not designed to gather the alternate foods, what are you going to do?

Details :- Prep to Year 6
Tuesday 5th November
9:30am in the Hall
\$6.00 per child

Please fill out the form below and send it back along with the money **no later than MONDAY 4th NOVEMBER** if you would like your child/children to attend. **Payments can be made in cash or online through Q Parents or B Point. Please allow 2-3 days for online payments. They take that long to come through our system.**

Kind regards

.....
 Melinda Thompson
 Student Well Being Teacher
