APRIL 2020 – WEEK 2 - BHOOSH MURAL PROJECT

WHAT IS OUR MURAL PROJECT?

In collaboration with Miguel Gonzalez and Beacon Hill Primary School, the children of BHOOSH will be contributing to the design and realisation of our School Mural Project throughout the April Vacation Care between Monday 20th and Friday 24th April. This process of engaging in the beginning stages of designing and creating a mural will be paralleled alongside our other various Vacation Care activities. The realisation of our mural will convey a strong message about the importance of students living in harmony with each other and their environment in order to develop their sense of belonging within the community.

WHAT ARE THE BENEFITS WITH MURALS IN SCHOOLS?

By designing and engaging in the creation of a school mural, children will achieve results such as:

- Better engagement with the environment
- Creating a sense of belonging and ownership with their school
- Opportunities for them to think and reflect
- Inspiration to be creative
- Motivation to be involved
- Inclusivity
- Increased sense of physical direction within their school space
