

Stage 2 Weekly Update...

Stage 2 students continue to work hard on their learning each day to produce some great work across our stage.

This week, students have participated in some learning activities around "National Reconciliation Week". In library lessons they have enjoyed the book "Once There was a boy" by Dub Leffler and had discussions about the value of recognition. You might also notice the brightly coloured feet decorating our library which remind students that "we all walk together".

Stage 2 Shout-Outs for excellent effort, attitude and work this week go to the following students:

Indi B, Oscar M (4G), Lawrence Z, Mathew T (4B), Mitchell E, Lachie W (4/5T), Jake W, Lily H (3/4R), Hunter G, Mia A (3A), Vivienne D and Mikey P (3A).

Congratulations to all our students for resettling so well into the routines of "at school learning". Students are consistently trying to adopt the learning characteristics of our BHPS Learner Superheroes, Blaze, Elektra, Aurora, Caspian, Octavia and Nova.

Our PBL focus at the moment is on Excellence and all students are encouraged to strive for their personal best every day.

RESPECT

RESPONSIBILITY

EXCELLENCE

Year 3 have been working hard over the last couple of weeks to improve their persuasive writing techniques. Look at these wonderful pieces of writing about "Should children wear uniforms to School?"

Should Children Wear Uniforms to School?

Disila

Imagine looking around your classroom and seeing class of you. Just black and white. All the same. So boring. I strongly think that school uniforms shouldn't be worn because they are useless for both expensive and most of all they are so finitely dull.

Uniforms are useless for kids. How would you like it when your running around wearing uncomfortable dress and tight or long pants and no rhying up. If you would not that's why children shouldn't have to wear them.

Clothes can very expensive. Imagine buying clothes for summer winter double that to 2 children. That is a LOT of money that your mum and dad spend just to get a uniform.

Uniforms are dull. Children should be able to express their feeling by their clothes. They shouldn't have to wear boring dull school uniforms.

I hope that you agree with me about children should not have to wear a school uniforms.

Should Children Wear Uniforms to School?

Imogen

Imagine you were on an excursion at the zoo and you got lost and you saw someone else in the school uniform and then you knew where to go so that is why we should wear school uniforms to school.

For my first reason School uniforms help you focus better in class but in my after class you can not focus as well as in school uniform because if you were wearing something else and you could not focus well enof to get a good grade in muffy so all children should wear school uniforms at school.

For another reason school uniforms help you took pride in your school by having an emblem for your school and school coules to take pride in your school and taking pride in your school also means that you are showing pride and respect to your work and school taking pride in your school is a great thing to do as well.

Lastly when you wear your school uniform you will all be matching so no one can make fun of you but if you were in muffy you mde wear a spaty shirt but your friend is wearing a poud jacket and they bully you and make fun of you is that my race so that is why school uniforms are

Should Children Wear Uniforms to School?

Tilly D

Imagine entering the school gates and all you can see is black and grey shoulders that make you feel horrible. Yeah I thought so. There are so many reasons why kids should not wear school uniforms here are just three.

First is because you can express yourself in so many ways. You can show who you really are instead of being like every one else in the hole entire school. For example you could wear your favorite color. You could also wear the shoes that are most comfortable. Instead of wearing your uncomfortable school shoes.

Another reason is that instead of wearing the same thing every day you can switch it up a little every single day. Think about it wouldn't it be great I thought so. If you wore the same shoes every day you would get so tired of the same old and stale uniform.

My final reason is that you can learn to stand up for yourself. For example if someone said that they didn't like your outfit you could say something like I don't care what you think I like my outfit and that's that. Then you would proubly

CHASE!

Should Children Wear Uniforms to School?

Imogen

Imagine if everyone looked the same. It would be boring. Kids like to look for some with their friend. Normal clothes are fun and then you have to wear your boring school clothes. Normal clothes are fun. School clothes are not. I think children should wear school uniforms.

If you are on a picnic and you wear normal clothes you could get sick and people would think you were the funny child. That's why you should wear a school uniform.

Normal clothes make you sad and then you feel weird and maybe you stink. Otherwise school clothes don't make you sad and school clothes are all the same and the same.

If you had to wear a cheap ugly clothes and your friends get to wear rich expensive clothes how would you feel. But I know. Otherwise school uniforms are the same and you don't have to feel bad.

I hope I have proubly convinced you to wear a school uniform.
