

L'automne à la Garderie – Autumn at aftercare

We saw the leaves changing colours...we gathered some from the playground

Et voilà! our autumn tree! With birds, Father Owl and Mother owl, some bats and lots of leaves!

We found some paper in a box and we thought, what can we do? Some children said "a snake", other said "a dinosaur" but many said "an autumn tree"!

We put them together and decorated our window with beautiful autumn colours: yellow, orange, brown and dark green
