

Stage 2 Weekly Update...

WOW - We have almost made it through to the end of an incredibly challenging, yet very rewarding Term 2 at BHPs. Lessons we have learned from Covid-19 remind us to show gratitude for all the wonderful things in our lives that we often take for granted.

We have been so fortunate in being able to come back to school for most of the term and resume normal lessons in our classrooms. Semester One Academic Reports will be sent home this week. These outline student's progress and achievement in English and Maths, along with the next steps required to move forward in learning. Students have been working with their peers and teacher to formulate some Individual Learning Goals for Semester Two and we look forward to coming back refreshed after the holiday break, ready to work hard together to achieve these personal learning goals.

Stage 2 Shout-Outs for excellent effort, attitude and work this week go to the following students:

Abigail B, Seab S (4G), Lachlan K, Billy L (4B), Zane S, Georgia W (4/5T), Georgia C, Molly B (3/4R), Tilly M, Joel S (3A), Sean B and Lachlan T (3H).

What a wonderful time Year 4 are having, immersing themselves in Project Penguin! Our Year 4 students are very excited to become conservation experts and youth ambassadors for the locally threatened Little Penguins of Manly. They have been wearing their bright, blue "Project Penguin" T-Shirts and learning all about the Little Penguins of Manly, threats to their habitat and positive actions that they can take to protect the species. They are currently creating a design brief for their own community education

campaign to raise awareness by highlighting the importance of protecting their habitat. They are considering different ways of enhancing the environment around Little Manly to attract more breeding pairs to build and maintain the Little Penguin colony.

We can't wait to see the finished projects.... Watch this space!

Students continue to display the learning characteristics of our BHPS Learner Superheroes, Blaze, Elektra, Aurora, Caspian, Octavia and Nova. This week we celebrated students who are displaying the collaborative characteristics of Caspian in the classroom. Early next term, we will look at how we can be more optimistic with our learning by channelling some characteristics of Octavia.

Respect continues to be our PBL focus across the school, with all students being encouraged to show respect by consistently taking pride in themselves and our school by wearing the correct uniform, looking after their own and others' belongings and treating all people and things with care and respect.

RESPECT

RESPONSIBILITY

EXCELLENCE

Some more action shots from Project Penguin...
