

# THE LEADERS CHALLENGE

## The Sustainability Leaders - Make an upcycled Art Piece PREP - 2

We challenge you to MAKE UPCYCLED ART- Prep -2 Challenge  
Find things around your house that you can use to make something into a work of art.  
Children can rummage through the recycling, old clothes or the shed (with help!) to  
find inspiration. Watch these ABC kids visit a reverse garbage for some inspiration.

The Sustainability Leaders Challenge -  
**Middle and Senior Sustainability Challenge!** **Water Use- Are you meeting the 155 litre a day target?** The water use at home activity investigates the amount of water that we use on a daily basis. Through a variety of household water sources. How much water are you using? Try the water activity below:

### **Are you hitting the target?**

**Step 1:** Find your latest **water bill** to identify your household's average daily water use.

**Step 2:** Your bill will tell you, according to the number of people in your household, if you're meeting **Target 155**.
