

SAPSASA update

SAPSASA swimming: This year' carnival was a lot of fun and Clapham took 5 students to swim in Freestyle, Breast Stroke and Backstroke. The usual Clapham spirit was evident with a lot of cheering near the finish line and it was wonderful to see everyone supporting each other.

Annie Sanders managed to win the first Clapham SAPSASA Swimming ribbon for placing 3rd in her heat! Whilst the event was generally smaller than previous years – there is a great passion amongst the Southern Schools for challenging themselves in the pool, and Clapham was a big part of that again in 2021. Thanks to our volunteer timers.

SAPSASA qualifications continue with the Shot put, 100m and 200m the latest events to be offered.

So many students have come out to try and qualify for Shot put that it has been tricky to fit them all in! Here we have Jonah and Ethan C pictured. Once again, there has been great progress in the year to year participation rates, but also in the distances covered by the same students! A big well done to our ambitious SAPSASA cohorts!

Thanks to Harrie for marking out all the running lanes once again for our athletes!
