New Library Program

Accessit LIBRARY

Clapham Primary now have a new Library Program, which has the added benefit of being able to search, renew and reserve books from home. This can also be done from the classroom using a portable device.

To access this program type the link below into your web browser or you can visit the Clapham Primary School Web page, click on the Learning (tab) and scroll down to Library Search.

https://au.accessit.online/CLP00/#!dashboard

Login details: Username = Initial of first name followed by surname (no hyphens, no spaces)

Password = Student ID number

The Year 3 – 7 students should all know their student ID number.

Reception – Year 2 students. If you would like to access this program from home you can contact me via email (Helen.Krinas872@schools.sa.edu.au) and I will email your child's login details.

Overdue notices

The overdue emails you are receiving are automated. It is a reminder to return the books to the Library as soon as possible.

Junior primary and primary students have a 2 week borrowing limit. The Year 7 students have a 3 week borrowing limit.

I can renew books (as long as they haven't been reserved by some else), but I will need to sight them before doing so.

Thank you to all the parents/caregivers for their support in ensuring all books are returned on time so other students can enjoy them too.

Helen Krinas
Library Manager
