

1:1 Technology Update – Open Day

This year Glengarry Primary School introduced our 1:1 Technology Program. This program has enabled teachers and students to seamlessly integrate technology into the curriculum and our students are using technology to create high-quality work. Students have been excited to participate in this program and have quickly adopted class norms in appropriately managing their learning device.

We have been delighted to see the enthusiastic uptake of the program by students and their families. Please see below for the current number of students bringing their own device to school:

- Room 5: 88% of students are bringing their own device to school
- Room 6: 90% of students are bringing their own device to school
- Room 12 (Year 4's only): 86% of students are bring their own device to school

Our 1:1 Technology teachers will be engaging in over 50 hours of professional learning throughout the school year. This professional learning will be provided by Next Learning and Apple and will continue to enhance teachers' already high-quality technology skills.

As we begin planning for 2023, we would like to invite parents of students in the 1:1 Technology classes to attend our Open Day on Tuesday 30 August. We would also like to extend this invitation to parents whose children will be entering Year 3 and 4 in 2023. Our 1:1 Technology Program begins when students reach Year 4, however if your child is in a multi-age 3/4 class, we would request that an iPad be provided for that student.

The Open Day is an opportunity for the 1:1 Technology classes to showcase their work and the skills they have developed during the year. Parents will be required to register for the event and identify which classes they would like to visit; **each session is limited to ten parents per class**. If you are attending one of the sessions, please ensure that you sign in at the front office and follow COVID 19 protocols. We strongly encourage adults to wear masks inside school building

We Care

Telephone (08) 9378 5678 25 Doveridge Drive, Duncraig WA 6023

ABN 58 442 651 305

Classes that are available to visit include:

Class	Time
Room 12	9.00-10.00
Room 5	9.00-10.00
Room 6 – Music Room	10.00-10.30

Parents will be able to register their interest in the event by scanning the QR code or by using the following link: <http://www.schoolinterviews.com.au/code/xrrfm>

Following the Open Day, we will be hosting a 1:1 Technology Information Session on Monday 5 September for parents whose children are entering Year 3 and 4 in 2023. Please keep an eye out for more information on how to register for this event.

Please note, this event is subject to change depending on staff availability at the time; you will be notified if the event must be rescheduled. If you have any further questions, please contact me via email: Hannah.cole@education.wa.edu.au

Kind Regards,

Hannah Cole
Associate Principal
