### Serving Suggestions

**You can eat them now.....** Cookies are best eaten within 7 days to ensure freshness. We recommend storing cookies for up to 7 days in an airtight container.

Cookies can be eaten as is or warmed in the microwave for 10-20 seconds before eating.

**.....or freeze them for later!**

Cookies can be frozen for up to 3 months in an airtight bag or container.

If freezing, we recommend when ready to eat, simply heat your cookies in a 180 degrees oven for 5-10 minutes or until warm and gooey.
