Digital Safety & Wellbeing

LIVE STREAMED
INCURSIONS

In a crowded curriculum, our live streamed incursions ensure your students and teachers are revisiting digital safety and wellbeing at a minimum of once per term.

- Child Safe Standards aligned
- Australian & State Curriculum aligned
- Age appropriate and entertaining content written by a team of experienced primary school teachers
- Ensures a consistent **whole school approach**
- Parents are supported, informed and empowered
- Created within the 2021 eSafety's Best Practice Framework for Online Safety Education

How does it work?

- Each term, **students (with their teachers)** tune it to watch an engaging, interactive live streamed incursion
- **Teachers** are provided with a selection of follow up activities and lesson ideas
- **Parents** are given a "tip sheet" after each session to help open up important conversations.

OLLIE ONLINE
ON DEMAND

Students are introduced to Ollie & Marty through a series of short videos and activities. We cover the basics of getting started with devices and being online.

1/2
LIVE STREAMED

OLLIE ONLINE

Join Ollie (& Ruby) as they begin their online adventures. Whilst Ollie loves his iPad and gaming we are quick to discover that he has a lot to learn... just like our Year 1/2 students!

3/4

We are learning that we don't share personal information online.

oi not funny everyone

how would you all feel if someone wrote that about you

You nailed it! The children (and adults) were 100% engaged and every time they had to turn and talk about questions you posed, every child did that and stayed on task !
The pace of the session, Kahoot quiz, presentation and delivery, interaction and story telling with significant message was outstanding. The rich discussion which followed and reinforced in class was an incredibly powerful set of learning tools.
