

Assistant Principal, Curriculum and Instruction

What is an Assistant Principal, Curriculum and Instruction (APCI)?

The APCI position is a leadership role focusing on literacy and numeracy, curriculum and assessment and on improving teaching practices across the school. I have been employed in this role 4 days a week to support the teachers and students at WBPS.

What is the focus this year?

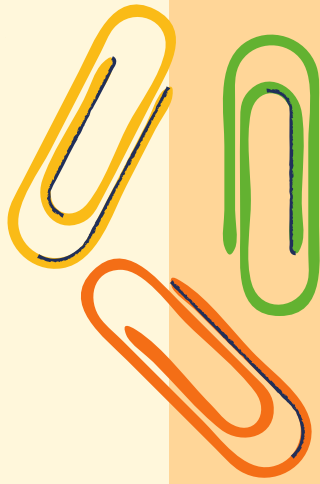

Curriculum Reform:

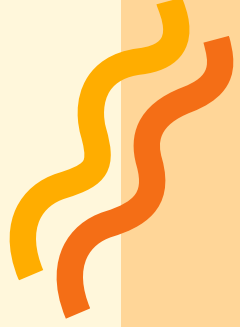

2023 is a big year for teachers in K-2 as they are beginning to implement the new syllabuses for English and mathematics. Keep an eye out for information on how you can support your child at home.

Teachers in 3-6 are beginning to familiarise themselves with the incoming 3-6 syllabuses for English and mathematics, prior to the implementation in 2024.

Building Teacher Capacity

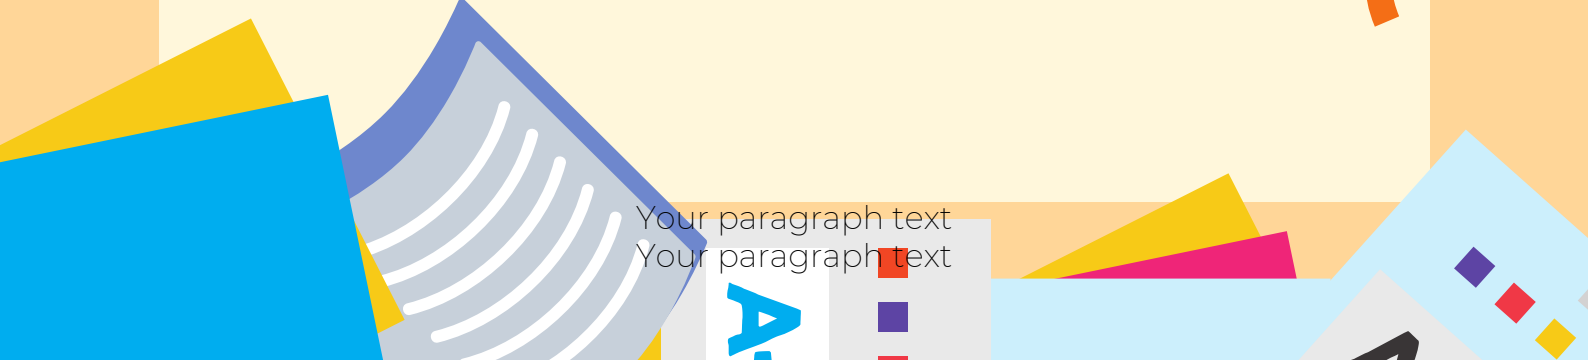

As part of my role, I am working 1:1 with teachers to identify and make small changes to their teaching practice in order to make big impacts on student learning outcomes. These sessions include individual focuses for the teacher, including working with teachers to plan quality lessons, shoulder to shoulder teaching in the classroom, or analysing student data to identify next steps for all students.

The APCI role is an exciting role and I thoroughly enjoy working with all teachers and getting the opportunity to work with students across the school.

Alissa Simmons

Assistant Principal, Curriculum and Instruction
