Quality Teaching in a Caring Environment

TOO SICK TO BE AT SCHOOL

Dear Parent/Caregivers

As the winter months approach, children often come down with coughs and colds and unfortunately sometimes the Flu.

By keeping your child home, you are minimizing exposure to others and hopefully preventing further spread of illness to both students and staff.

If your child is unwell and cannot control a cough, they may need some extra rest at home and a visit to the doctor before returning to school.

If your child is unwell, we will call you to collect them as children should not be in the sick bay for more than 15 minutes. It is a place for children to receive first aid or be assessed and observed, not for sick children to spend the day.

Please make sure that if you are unable to pick up your sick child within 30 minutes that you have someone else as an emergency contact that is able to collect your child on your behalf within this timeframe. Your sick child may become quite distressed if we are unable to contact you.

Thank you for your understanding in this important health matter.

Regards

Norma Petrocco
