National Museum of Australia

Our new inquiry topic focus is on 'Change'. Students are required to investigate how life has changed in Australia over time. Year 1 students will participate in the *Then and Now* program at the National Museum of Australia. This is a museum educator-led program where students handle objects and explore the galleries to investigate how life has changed in Australia over the past 100 years. This will help students understand continuity and change and give them an opportunity to explore the collection of the National Museum of Australia. Students will be provided with a hands-on exploration of a diverse collection of objects to facilitate discussions about the past and the present, as it relates to objects in the home.

Inappropriate behaviour will be treated as it is normally treated at school, (thinking table at a designated place or exclusion from an activity). Staff accompanying students on excursions will take all reasonable care while the students are in their charge to protect them from injury and to control and supervise their behaviour and activities.

Parents should be aware that staff members are not responsible for injuries or damage to property which may occur on an excursion where, in all circumstances, staff have not been negligent. Parents should warn children of the risk to themselves, to others and to property, of impulsive, wilful or disobedient behaviour. Parents should also be aware that no automatic insurance is provided by the ACT Government in respect of injuries to students, non-enrolled children or yourselves should an injury occur on an excursion. You may wish to consider taking out personal insurance cover for yourself and/or for students and non-enrolled children accompanying the excursion.
