Dear Parent/Guardian

17 February 2020

Winmalee High School's English Faculty would like to welcome you and your child to LiteracyPlanet.

As part of a commitment to providing high quality literacy education, all students in Year 8 now have a school subscription to this fun and engaging online resource.

LiteracyPlanet is designed by educators to support the Australian Curriculum and the comprehensive development of key literacy skills.

Suitable for children of all abilities, it includes more than 15,000 exercises to cover pre-reading, reading, phonics, sight words, comprehension, spelling, writing, grammar and punctuation.

LiteracyPlanet delivers the proven requirements for effective learning in an engaging gamified environment. This provides students with a literacy learning experience that is interactive, motivating, rewarding and fun. Your child has a personalised avatar and profile; they can earn points, redeemable credits and rewards for participation; they can participate in multi-player games with their classmates in a safe and closed online environment; and earn a coveted place on global leader boards.

Students will have the opportunity to engage with LiteracyPlanet and learn how to navigate the website once a fortnight during their English lesson. However, since they can access their account on any internet connected computer or tablet device, please feel free to encourage your child's use of LiteracyPlanet at home to support their learning at school and for positive screen time.

This program is being provided at no additional cost to families as it is partially funded by English course fees with the English Faculty covering the rest of the subscription.

If you have any further questions about the program please feel free to contact the English Faculty.

Yours Sincerely

V. Facas  
Principal Relieving
