

Do you stutter or know someone who does?

Are you interested in therapy?

The CQUniversity Speech Pathology Program and CQUniversity Health Clinic are here to help!

‘Speaking Fluently’

A Clinic Specialising in the Assessment and Treatment of Stuttering and Fluency Disorders

Affordable and convenient sessions are delivered by Speech Pathology students under the direct guidance of a qualified and experienced speech pathologist.

This clinic is suitable for children, adolescents and adults.

No referral is needed.

If you are unable to travel to the Health Clinic at CQUniversity in Rockhampton but have internet and computer access, ask about our telehealth services - we may be able to help you no matter where you live!
